There is a popular maxim 'Fashion Repeats Itself,' but it doesn't fit with retro interior styling which never goes out of the trend. Usually, the value of articles depreciates over time, but retro interior solutions become more valuable even after getting old. Mary Kay Andrews, eminent American author, known for writing mystery novels, once said, "One of the things that attracts me to vintage and antique things is they have stories, and even if I don't know the stories, I make them up." Retro interior themes and décor items often create intriguing stories and interact implicitly with people who try to befriend themselves with their surroundings. There are umpteen options to redefine a living space with retro interior styling, some of the easy to follow and

practice are suggested below.

Classy Cupboards and a Chandelier

These days, finding a big space is a huge challenge in metro cities. Hence, for the visual appeal instead of designing horizontally in the dining room and making it look a cramped area, go vertically up on the wall with some classy cupboards, antique wall pieces, and wall art delights. A chandelier, whether big or small, right above the dining zone, will go well with all the themes; be it the festive ones, the formal, or the informal ones.
